ISAIAS GONZALEZ

17/09/1996

FullStack Developer

Fullstack developer with a strong backend focus, experienced in building scalable, containerized systems using Docker and Kubernetes. Passionate about software architecture, distributed systems, and delivering reliable, high-impact solutions.

EXPERIENCE

Backend Developer

OCC(Redarbor Mexico)

 November 2023 - Currently  Queretaro, Qro, México

Golang · Python · JavaScript · AWS · Kubernetes · Terraform

- Designed, developed, and maintained microservices (APIs, workers, consumers) using Golang, Python, and JavaScript.
- Optimized performance through semaphore-based concurrency control with Goroutines.
- Migrated and refactored legacy services into scalable, maintainable architectures.
- Integrated Prometheus for health metrics and monitoring, and migrated messaging flows to CleverTap for improved email and notification delivery.
- Built distributed systems using AWS SQS, RabbitMQ, and Kafka, with proactive monitoring via Grafana dashboards.
- Streamlined development with DevContainers and automated infrastructure provisioning using Terraform.
- Managed CI/CD pipelines with GitHub Actions, and implemented GitOps workflows with Kubernetes and ArgoCD..

Web/Mobile Developer

GobiernoDigital

 January 2021 - November 2023  Queretaro, Qro, México

Java · Scala · React · TypeScript · Android · Docker · Ansible

- Maintained Wildfly-based Java APIs and developed REST APIs with Express.js, OAuth, and JWT.
- Developed high-performance Scala microservices using Akka Typed Actors and Runnable Graphs.
- Built responsive frontends with React, TypeScript, and Next.js; managed state with Redux and Context API; styled UIs using Tailwind and Bootstrap.
- Maintained an Android survey app (Java), implementing permission handling and user preferences with SharedPreferences.
- Worked with AWS (EC2, S3, RDS), Docker, and Bash/Python scripting for server automation.
- Deployed containerized services on-premises and automated infrastructure with Ansible and Linux.

EDUCATION

Tecnológico Nacional de México en Celaya

Computer Systems Engineering - 2021

- Member of the Programming Club.
- Academic Coordinator of the Student Association of Computer Systems Engineering.

CECyTE Guanajuato plantel Cortazar

Software Programmer Technician - 2015

- Member of the 8th generation of the Software Development and Testing Célula project.
